Safeguarding Adults – Train the Trainer

Suitable for:

It is expected that most services/providers will ensure staff access adult safeguarding training as part of their 'in house' mandatory training arrangements.

This course is designed for smaller organisations or groups with less ability to equip and update key personnel/volunteer. The advantage of this is that it will provide your agency/organisation the flexibility to train staff as and when required and course participants will have access to appropriate presentation/training materials for use within your agency. Individuals must be nominated by their organisation.

Staff who attend this course need to undertake to attend regular update/refresher training to ensure ongoing updating of changes/developments. The One Year On session is the annual refresher course for staff who undertook the training the previous year. If you do not attend this course, you will not be able to continue to deliver this training.

Pre-Course requirements: Participants must have completed Basic Awareness training within the last two years.

Post-Course requirements: Participants must complete the annual update to keep within the course framework.

Available dates:

- 29th July 2022 9.30am-12.30pm (Public Gallery East, Civic Offices, Bexleyheath)
- 14th October 2022 9:30am-13:00 (Refresher) (Public Gallery East, Civic Offices, Bexleyheath)

Self-registration and creating an account is straightforward with automated validation available across a large number of organisations whose e-mail domain names eg @bexley.gov.uk have been provided to the MeLearning technical team.
